

# **EXECUTIVE - MATERIALS MANAGEMENT**

**GAUTHAM PADIYATH**

Email: gauthampadiyath@gmail.com

B.TECH (MECHANICAL ENGINEERING)

Contact No: +91 9846437857

---

## **PROFILE SUMMARY:**

Materials management & inventory control professional with over 4 years work experience and a demonstrated history of working in consumer goods industry & heavy industries. Skilled in procurement, budgeting, cost control measures, inventory management, logistics, warehousing and operations management.

Strong port-folio of achievements that include numerous cost reduction measures, implementation of SAP system for materials management, bringing inventory days below industry standards etc.

## **CORE COMPETENCIES & VALUES :**

- Excellent leadership qualities with team management skills and deep knowledge in sourcing and operational excellence.
- Preparation/Forecasting of monthly procurement plan, yearly budgets and analysis.
- Expertise in inventory control, analysis, store management, material movements, identifying cost reduction opportunities, logistics management and other aspects of handling operational and production activities.
- Research and implementation of cost control measures in procurement and transportation.
- Expertise in operating SAP MM Module – ERP Software for standardized & efficient procurement procedures.
- Strategic procurement skills like detail-oriented approach, negotiating contracts and quotations with manufacturers and suppliers, managing suppliers, excellent analytic & problem-solving skill, time management, persistence & active listening.
- Coordinating timely physical stock verification process and reporting the mismatches.
- Controlling of subcontracting process of semi-finished goods and conducting monthly vendor meet to analyze the performance and quality issue of vendors
- Dedicated, self-driven, trustworthy, discreet and ethical with excellent communication & presentation skills.
- Perseverance to succeed and zeal to achieve results.
- Establishing monthly & annual performance goals, continuous performance monitoring of team, assessment of policies and evaluating existing organization models to make the work environment flexible and productive.

## **KEY ACHIEVEMENTS :**

- Successfully implemented various lean management principles like 5 S system, ABC inventory analysis, TQM, visual Kanban system & FIFO rule in store area.
- Initiated Just-In-Time (JIT) program in Semi-finished goods store which reduced inventory value by 20%
- Oversaw the successful implementation of a new ERP system (SAP) responsible for the entire materials group.
- Lead & motivated Sourcing & Operational Excellence team consisting of 30 members to achieve 100% annual goals.
- Developed three associate executives for procurement of consumables, packing materials & managing SFG stores.
- Developed hook with exact required width which resulted in cost reduction of 23.00 lakh/year and eliminated three-hour clicking process.
- Changed EVA Cutter from local vendor to Delhi based vendor which resulted in saving Rs.7.00 per piece & an annual saving of approx.. Rs.5.0 Lakh .

## **SOFTWARE PROFICIENCY:**

- SAP
- MS Excel, MS Word, MS Power point
- Creo parametric 2.0 / Pro Engineer
- CNC SIMULATION, MTAB
- Calypso (Coordinate Measuring Machine)
- Renishaw calibration software – Laser Interferometer
