PROFESSIONAL EXPERIENCE

Associate Product Manager

iQube Innovation Centre | 2022 - Present

- Managed 3 industrial projects (AI-based Yoga Posture Detection System, AI-based Roller Defect Detection System, and Jewellery Manufacturing Automation System), collaborating closely with teams and stakeholders.
- Planned project sprints, delegated tasks based on team strengths, and worked together to ensure timely project completion.
- Contributed to project budgeting, collaborating with team members to optimize resources and achieve successful execution.

Program Coordinator

Kumaraguru Innovators Club | 2022 - 2024

- Introduced 'Engineering Unveiled', an initiative to provide first-year students with awareness of basic engineering concepts.
- Organized sessions and events in domains like AI, Web Development, App Development, Robotics, Embedded IoT, and AR/VR to help freshers gain in-depth knowledge.
- Successfully onboarded 60+ members to iQube by identifying their skills and aligning them with appropriate opportunities.

Senior Manager

Team Q-Botix | 2023-2024

- Led and managed a team of 25 members for the national-level robotics competition DD Robocon 2024, fostering collaboration and unity within the team.
- Managed finance, coordinated team activities, and resolved conflicts to maintain a cohesive and productive environment.
- Oversaw logistics and efficiently handled the sourcing of components, working closely with team members to ensure smooth operations.
