

# SHUBHAM BASAK

I believe I'm an individual vested with sane conceptualizing & visualizing design skills, with my given background in Architecture, Fine/Studio Arts, Graphic Design and FilmMaking.

Skilled in rendering softwares and Sketching and have been working as a Creative Director, Cinematographer and as a skilled Photographer.

I have invested myself in such projects through my journey so far, which makes me confident enough to say that I'll possibly, manage and handle things a lot better in near future.
