## Core Competencies

Strategic Planning & Integration

End-to-End Project Lifecycle Management

Strategic Business Growth & Development

Contract Negotiation & Stakeholder Engagement

Cost Control, Budgeting & Resource Optimization

Risk Assessment & Mitigation

Metro Rail & Urban Infrastructure Leadership

Tendering, Bidding, & Business Acquisition

Quality Assurance & Regulatory Compliance

Advanced Construction Methodologies & Technology

Cross-functional Team Leadership & Coordination

Client-focused Relationship Management

## Technical Skills

Office Automation (MS Office), Internet Applications, MS Project and AutoCAD

## Certifications

Project Management Professional (PMP)  
Incorporated Engineer (IEng MICE) | ICE UK

## Profile Summary

- Seasoned Civil Engineering Leader with 29+ years of experience in managing high-stakes urban infrastructure projects, including **Metro Rail, Elevated Corridors, Underground Stations, and Flyovers** for leading public and private sector entities.
- Project Management Expertise** with a **PMP certification** and a proven track record in end-to-end project lifecycle management, encompassing **strategic planning, cost control, resource allocation, quality compliance & risk mitigation** for complex projects.
- Strategic Contracts and Business Development** professional skilled in contract negotiation, stakeholder engagement, and securing viable tenders, driving organizational growth through successful bids and order acquisitions.
- Proven Leadership in Cross-functional Teams** with a strong focus on resource planning, manpower deployment, and team management across diverse construction projects, fostering a collaborative environment to achieve project milestones within timelines and budgets.
- Technical Acumen in Advanced Construction Methodologies** with hands-on expertise in state-of-the-art construction technologies, ensuring quality standards through efficient resource utilization and compliance with industry codes and safety standards.
- Broad Industry Exposure** spanning sectors like **Nuclear Power, Food Processing, Hospitality & Oil & Gas**, with significant achievements in **offshore and onshore projects**, from tunneling, breakwater construction to complex switchyard & reactor building works.
- Recognition for Safety and Excellence:** Recipient of the **ROSPA Gold Award** for exemplary project safety and quality, with additional expertise in implementing stringent **HSE protocols** and ensuring continuous improvement across all project phases.
- Thought Leadership:** Expertise in turning around business and enhancing the value of operating business units through process improvements with clear focus on innovations & best practice identification and implementation.
- Strong inclination towards innovation & creativity** with merit of winning various awards & recognitions; capable of championing innovation and being acquainted with the latest market requirement.
- Business Maverick:** Proven versatility to span industries, bringing fresh perspective, new ideas in operations & keen business intuition to spot growth opportunities, influence business direction, and define and drive value in the processes; gained diverse geographical exposure entailing **Indian Geographies & Rural Markets**.

## Top Brands worked with

## Work Experience

Since Apr'24 | Vice President | **RRSM Infra, Goa**

Jun'19-Apr'24 | Chief Project Manager | **Maharashtra Metro Rail Ltd. (PSU), Nagpur**

Apr'18-Jun'19 | Associate Director/ Chief Resident Engineer | **AECOM India Pvt. Ltd.**

## Education

B.E. (Civil) | Nagpur University | 1996

## Soft Skills

Change Catalyst

Attention to Detail

Thought Leader

Critical Thinker

## Trainings Attended

- Organizational Training for:
  - Project Management
  - Self-Development
- HSE Training for Safety in constructions

## Personal Details

Date of Birth: 20<sup>th</sup> Oct 1973

Languages Known: Hindi, English, Bengali, Marathi and Gujarati

Present Address: Flat No 301, Licorice, Wing 1 B1, Green Grove Society, Wagholi, Pune-421107

Aug'15-Apr'18 | Project Head | **Jkumar Infraprojects Ltd.**

Jan'04-Jul'15 | Project Manager | **Larsen & Toubro Ltd.**

Dec'01-Dec'03 | Senior Engineer | **Gammon India Ltd., Kaiga**

Jun'96-Sep'01 | Asst. Engineer | **Gannon Dunkerley & Co. Ltd., Kolkata**

## Major Roles Across Career

- Establishing and monitoring project baselines to control costs, resource deployment, and timelines, ensuring adherence to quality standards throughout project execution.
- Directing the construction process from concept to completion, ensuring timely and budget-compliant project closure.
- Planning manpower deployment and scheduling to meet workforce and equipment needs, including preparing detailed projections for effective resource utilization.
- Driving business development efforts by identifying viable tenders, managing bids, and securing new project orders.
- Gathered exposure for execution and project planning for **precasting, tunnelling and station execution work.**
- Strategist:** Devising a business development strategy focused on financial gain while working on meeting & exceeding targets and budgets.
