

TIKAM SINGH

In charge QA/QC DCM SHRIRAM LTD || Lean Operation Management and Six Sigma IIM Vishakhapatnam || 12 year Exp. Agro Chemicals Industry ||

EX- QA/QC Executive SACIPL || Indian Chemical Council Certified II(MSc,MBA,PGDIB)

Exp12 Years

tikamsingh4@rediffmail.com

(+91) 9149745288

www.linkedin.com/in/ tikam-singh-5055a9138

Key Skills

Quality Monitoring of RAW Material, Packing Material and FG

Instrument Calibration and Method Validation

Implementing of GLP, NABL, BIS, CIPAC, FAO Practices

Production Planning & Inventory Control

Lean Operation Management

Proficient in QMS, ISO17205 and 9001

Monitoring and Execution of EHS Policy

Product Development and Recipe validation

Proficient in operating HPLC, GLC, FTIR, Viscometer, Rheometer, Particle Analyzer, Karl fisher, Wet Analysis etc

Personal Information

Country INDIA

Profile Summary

Highly experienced QA/QC professional with 12 years of dedicated service in the dynamic Agrochemicals industry. My expertise encompasses adherence to Good Laboratory Practices (GLP), rigorous testing of Raw Materials and Finished Goods according to stringent standards (BIS, CIPAC, and NABL). I possess a strong foundation in analytical techniques, proficiently handling both manual and automated instruments, Instrument Calibration, and Method Validation. My skillset extends beyond the laboratory encompassing expertise in Product Recipe Development, Production Planning and Plant Operations. Driven by a commitment to continuous improvement I have completed Refresher Training from the Indian Chemical Council and am currently pursuing an Executive Program in Lean Operations Management and Six Sigma from the esteemed IIM Vishakhapatnam to further enhance my managerial and operational acumen.

Education

M.Sc, Chemistry (2020)
Himalayan Garhwal Unuversity,

Lean Operation Management(2025)
IIM Vishakhapatnam

B.Sc, Chemistry (2007)
MJPUUniversity Bareilly

MBA (2009)
IEM LUCKNOW

Work Experience

2023 - Present

Quality Control In charge
DCM SHRIRAM LIMITED

Key Result Area

- Defined and enforced quality department standards, practices, and procedures.
- Led quality planning for new product launches, ensuring adherence to customer requirements and regulatory guidelines.
- Collaborated with cross-functional teams (R&D, Production, Procurement) to identify and resolve quality issues.
- Managed instrument calibration and validation of analytical methods.
- Supervised the testing of raw materials, packaging materials, and finished goods.
- Conducted product recipe validation to maintain production .
- Production Planning and Controlling
- Defined and enforced quality department standards, practices, and procedures.
