## Project Manager

Project Management Professional (PMP®) | Advanced Project Management, IIM Visakhapatnam  
Mumbai, India | +91 9665113440 | tkraina@gmail.com

---

### PROFESSIONAL SUMMARY

**PMP®-certified Project Manager with 25+ years of EPC experience** delivering Fuel Farms, Piping, Civil, Structural and Google Data Center infrastructure projects across the **USA, Gulf, India, Southern Asia, Pacific Islands, and the Cayman Islands**. Strong track record of leading contractors, consultants, and multi-disciplinary teams to successfully deliver projects for the **US Army, ADNOC, Google, IOCL**, and other international clients while ensuring quality, safety, and regulatory compliance.

### CORE COMPETENCIES

- EPC Project Management • Construction Management • Multi-Site International Delivery
- Refinery, Fuel Farm, Oil Storage Terminal & Google Data Center Projects
- Storage Tanks (API 650/653) • Piping Systems (ASME B31.3/B31.4/B31.8) • Civil & Structural Works
- Glass-Fused-to-Steel Bolted Tanks (AWWA Standards) • Aluminium Geodesic Dome Roofs
- Firefighting & Fuel Systems Compliance (NFPA 11/30 • UL/FM Standards)
- Project Planning & Controls • Cost & Schedule Optimization
- Contractor, Client & Stakeholder Management (US Army, ADNOC, Google & International Codes)
- HSE & Risk Management (OSHA, IOSH, EM385)

### PROFESSIONAL EXPERIENCE

#### UNITED INDUSTRIES GROUP – California, USA

---

##### Project Manager | Jan 2009 – Present

- Managed EPC delivery for **Google Data Center projects (MNK, SML, SPC)**, including large-scale water reservoirs, civil and structural works; achieved ahead-of-schedule completion with zero lost-time incidents through robust HSE practices and proactive risk management.
- Led the full EPC lifecycle of **US Army fuel farm projects** in Afghanistan and Qatar, ensuring strict adherence to security protocols, environmental guidelines, NFPA/API standards, and government regulatory requirements while coordinating with multiple military stakeholders.
- Directed multi-site water infrastructure projects across **American Samoa, Guam, Tinian, and the Cayman Islands**, overseeing planning, design reviews, permitting, and construction execution to ensure long-term system reliability, compliance with local and international codes, and seamless coordination with government agencies and consultants.
- Drove above project's performance by implementing monitoring dashboards (MS Project, SPI/CPI), developing HSE frameworks (**OSHA/IOSH/EM385**), optimizing resource and construction sequencing, and fostering strong stakeholder relationships while mentoring multicultural, cross-functional teams.

#### DODSAL PTE LTD – Abu Dhabi, UAE

---

##### Senior Engineer | Jan 2006 – Oct 2008

###### TAKREER – Inter Refineries Pipeline (IRPL) Project | USD 400M | Abu Dhabi, UAE

- Supervised construction of **fuel oil storage farm** at the **ADNOC Mussafah Terminal**, ensuring schedule adherence, quality control, and HSE compliance.
- Led piping fabrication and erection works at **Abu Dhabi Refinery**, coordinating integration with live operations under strict PTW, isolation, and safety procedures.
- Executed **critical refinery shutdown tie-ins at Abu Dhabi Refinery**, following detailed isolation and sequencing plans, achieving zero production disruption & full compliance with operating standards.

## ARTSON ENGINEERING LTD – Mumbai, India

---

### Planning Engineer → Site Manager → Head Office – Estimation & Bidding | Jun 1998 – Dec 2005

- Joined the **MRPL-II Expansion project (Mangalore Refinery and Petrochemicals Ltd)** as Planning Engineer, developing construction schedules, resource plans, and assisting in execution planning for **crude oil storage tanks, U/G and A/G Piping, Tank foundations and other civil/structural works.**
- Promoted to Site Manager/In-Charge, supervising EPC execution, ensuring HSE compliance, quality control, and safe, on-time completion of the project. Successfully completed **project handover and commissioning**, achieving full client satisfaction and operational reliability.
- Transferred to Head Office, Mumbai in the **Estimation & Bidding Department**, preparing technical and commercial proposals, leveraging on-site execution experience to optimize scopes, construction methodologies, resource plans, and cost estimates, contributing to multiple tender wins

## PTV PROJECTS LTD – New Delhi, India

---

### Trainee Engineer → Site Engineer | Apr 1995 – May 1998

- Joined as Trainee Inspection Engineer, assisting **Engineers India Ltd. (EIL)** inspection processes at the company's Faridabad fabrication unit to ensure compliance with project specifications, industrial standards, and EIL quality requirements.
- Promoted to Site Engineer, executing EPC works and coordinating with consultants and third-party inspection agencies to ensure full project compliance and client satisfaction.
- **IOCL Kandla-Bhatinda Pipeline project** – Installed fuel storage tanks with complete civil and structural works across three pumping stations: Kandla (Gujarat), Abu Road, and Beawar (Rajasthan).
- **Shakti Paints project (ICI India)** – Managed tank farm project in Mohali, Chandigarh, including tank erection, civil, and structural works.
- **National Fertilizer Ltd (NFL) Vijaypur Expansion project** – Supervised tanks, civil, and structural works for fertilizer plant expansion.
- Drove project performance by formulating construction methodologies, streamlining execution planning, and enforcing rigorous quality assurance, ensuring alignment with project specifications, HSE standards, and client requirements.

## CERTIFICATIONS

- Project Management Professional (PMP®) - 2025
- Advanced Project Management, IIM Visakhapatnam, India - 2025
- Competent Person – EM 385, Kentucky, USA - 2024
- OSHA10 and OSHA 30, California, USA - 2019

## EDUCATION

- MBA in Operations Management | 2014 | Southern New Hampshire University at Mumbai, India
- Bachelor of Science in Mechanical Engineering | 2007 | US-based program, Dubai, UAE
- Diploma in Mechanical Engineering | 1992 | BVVS Polytechnic (Autonomous), Bagalkot, India

## PERSONAL INFORMATION

- Date of Birth : 01/03/1973
- Nationality : Indian
- Passport : Valid until Feb 2029
- Languages : English, Hindi and Kashmiri
- Current Location : Mumbai, India
- Willing to Relocate : Yes (Global)
- Driving License : Indian, UAE (previously held, eligible for renewal)
- Availability : 30 days
